## AlliCURB™ MAX

### CODE NUMBER

018804

### DESCRIPTION

Miticide-insecticide and repellent. A proprietary blend containing garlic oil for control of mites, Lepidoptera, and small, soft-bodied insects on all plants including food crops.

### INGREDIENTS

Glyceryl monooleate, castor oil, sorbitol, garlic oil, isopropyl myristate, butyl lactate, lauric acid, myristic acid, palmitic acid, stearic acid, and oleic acid.

QUALITY SPECIFICATIONS	
Refractive Index	1.470-1.480
Density	0.967-1.015
TYPICAL CHARACTERISTICS	
Appearance	Light yellow to light orange liquid
Odor	Strong, pungent, characteristic of garlic

### INSTRUCTIONS FOR USE

THIS PRODUCT IS A CONCENTRATE AND MUST BE DILUTED BEFORE USING.

**Use dilution immediately – Do not store diluted solution.**

Dilute AlliCURB MAX for your respective need following the dilution table.

**NOTE:** Since plant varieties are numerous and may react differently to AlliCURB MAX, test the product on a small scale before making large-scale applications. Do not apply on plants when the temperature is 90° F or above.

RECOMMENDED APPLICATION RATES (PER ACRE)		
PREVENTATIVE	MODERATE INFESTATION	HEAVY INFESTATION
16 fl. oz.	32 fl. oz.	48-64 fl. oz.
<ul style="list-style-type: none"> <li>• Lower rate should be used for the prevention of pest population establishment</li> <li>• Moderate rate should be used once populations are observed but at low pressure</li> <li>• Use the higher rates and short intervals when pest pressure increases or when severe insect populations are observed</li> <li>• A minimum of 100 gallons of finished solution to treat one acre is recommended</li> <li>• For best results, use in an IPM program with a minimum of 2-3 applications of AlliCURB MAX over a 2-week interval (5 to 7 days treatment interval)</li> </ul>		

Fill a clean tank with half of the amount of needed clean water. Add AlliCURB MAX for the desired rate of application. Fill the tank with the remaining amount of needed water and mix to obtain a homogenous mixture

### **STORAGE**

Store in original container in a cool, well-ventilated, dry place (68-80 °F). Do not freeze. Keep container closed when not in use.

### **STABILITY**

Shelf life is 12 months unopened under proper storage conditions.

**\*\*NOTE: 25(b) Exempt:** This product has not been registered by the United States Environmental Protection Agency. Kemin Industries, Inc. represents that this product qualifies for exemption from registration under the Federal Insecticide, Fungicide, and Rodenticide Act.
